A Finishing Touch To The Toilet

A good talcum affords a world of comfort these warm days. It soothes and heals all chafed and inflamed surfaces and keeps the skin cool and dry.

TALCUM POWDERS

We have all of the good advertised brands of Talcum Powder—those prepared from impalpably fine talc and healing antiseptics. Such powders are far superior to flesh powders made from rice flour and other organic substances. Let us supply your talcum needs.

EDITORIAL

Why exert yourself in hunting through store after store for the things you want to meet your hot weather needs. The live merchant is an advertising merchant, and a live advertiser is a man who presents through the columns of chosen mediums of merit his store of good trade values.

Herewith is a page of hot weather advertising in which is tersely told the business story of leading business men of Danielson, which has established for itself a place in the front rank of the best shopping centers of Eastern Connecticut.

It matters little whether you are in the market for dry goods, drugs, groceries, jewelry, automobiles, building materials or any of hundreds of other articles—you will find here representations by firms that can supply you with all of these things, and guarantee you that the quality and price will be right.

With the approach of August many Danielson business men are preparing to close out some Summer lines, and the reader who watches carefully the advertising of the firms here represented will find many little opportunities to save money.

Danielson business men invite out-of-town trade to spend time in their stores when in town, for there is confidence in business circles in Danielson that this town sells goods at a closer margin than is the rule in a great many shopping centers.

Talcum Topics

Always a topic of chief consideration as a hot day need.

A body dusted with talcum feels cool and comfortable, lacks excessive perspiration.

We have all the popular makes.

See our display.
